

Sales Policy

This catalog covers most products manufactured and sold by Jerith Manufacturing LLC in Philadelphia, PA. The following general policy statements and terms apply to all products offered within this catalog. Specific policies related to individual product lines may vary on items available for purchase through an Ameristar / Jerith Sales and Service Center.

**For additional details, contact your
Jerith Sales Representative by calling 800-344-2242**

- A. New customers will be required to prepay for their purchases until a line of credit has been established. Payment can be made by check at SSC locations only or by credit card at all locations. (Visa, Mastercard and American Express).
- B. Customers interested in establishing a line of credit must first complete a Jerith Credit Application and furnish financial references.
- C. An available credit limit will be established based on the information obtained on the credit application and financial references.
- D. Payment Terms will be (net 30 days) for all credit accounts.
- E. Past due invoices will be assessed a late payment charge of 1½% per month until payment is received in full.

1. PRICING

- A. Contact a Jerith Sales Representative to obtain pricing information.
- B. Prices include freight & handling charges within the continental United States, provided the minimum dollar value requirements of a single shipment are fulfilled. Shipments outside of the continental United States are subject to additional freight surcharges. (*Note: Please see Freight Chart on our website*).
- C. Jerith is not responsible for any additional charges incurred on international shipments for customs clearing or delivery fees. It is the responsibility of the customer to make all necessary arrangements for customs clearing or freight forwarding outside the continental United States
- D. Jerith reserves the right to change prices without prior notice should market conditions unforeseeable change.

2. QUOTATIONS

- A. Quotation requests must be submitted to Jerith in writing, and a written quotation must be obtained from Jerith in order to be honored. Requests should include a detailed breakdown of material specifications, quantities, item numbers and/or descriptions.
- B. Jerith will assist in the process of obtaining a material list from a set of plans or drawings but assumes no responsibility for the accuracy, due to variation in physical site conditions.

3. ORDER PLACEMENT

- A. For assistance placing your Purchase Order, please contact a Jerith Sales Representative by calling toll-free at 800-344-2242. *(Note: Verbal orders cannot be accepted for processing).*
- B. Purchase Orders can be submitted via fax to 215-676-9756 or 267-434-3070.
- C. Purchase Orders can be submitted via email. Please contact a Jerith Sales Representative by calling toll-free 800-344-2422 to obtain the appropriate regional email address.

4. ORDER PROCESSING

- A. Orders consisting of "Stock" items will be processed to ship via ground transportation as soon as order is processed and trucking scheduled. Jerith will return a Sales Order Acknowledgement via fax or email to confirm receipt of your order. The acknowledgment will provide all pertinent order information. Please contact a Jerith Sales Representative for current lead-times. *(Note: Sales Order Acknowledgements do not require signed approval before processing).*
- B. Orders consisting of "Non-Stock" items will be processed to ship (dependent on the specific product requirements) from receipt of a signed Sales Order Confirmation. Please contact a Jerith representative for specific product lead-times. Jerith will return a Sales Order Confirmation via fax or email, providing all pertinent order information, as well as enabling the customer to confirm the accuracy of the order details. *(Note: Sales Order Confirmations may require signed approval, as non-stocking items are considered non-returnable).*
- C. Orders consisting of "Special" engineered items may require submittal drawings to be signed for approval before the Sales Order Confirmation can be generated. Jerith is not responsible for any additional cost associated with providing "Stamped Engineer" approved drawings. If required, these charges will be included on the customer's invoice. *(Note: Submittal Drawings and/or Sales Order Confirmations may require signed approval, as Special engineered items are considered non-returnable).*
- D. Truckload Shipments — When intending to build a full load (560-630 sections), it is imperative that Jerith be notified immediately of that intent so that a shipment can be scheduled. If a tarped flatbed shipment is required for Standard Truckloads shipped via Box Trailer, Jerith must be notified when the order is placed.
- E. Welded Swing Gates — Standard gate sizes are per opening (inside of post to inside of post measurements). Not the actual width of the gate leaf. Standard gate sizes are shown in each swing gate section of the catalog. Custom leaf widths can be made to order with applicable up-charges and require extended lead-times. Orders must show the number of leaves needed; one for each single swing application and two for each double swing application. *(Note: Custom leaf widths may require signed approval, as they are considered non-returnable).* Racked Gates are available in drops of 3" / 6" / 9" only. Upcharges apply for all racked gates.

5. LIBERTY AND LEGACY ORNAMENTAL PANEL ORDERING POLICY

- A. Truckloads
 - I. Orders placed for sections that qualify as a truckload must be purchased in full pallet quantities
 - II. Posts must be ordered in full boxes (9 per box) and gates in pairs (2 per box). Gate Hardware sold separately. (See pallet quantities below):

Liberty and Legacy Panels = 35 per pallet

Liberty and Legacy Posts = 315 per pallet (35 boxes)

6. FREIGHT & HANDLING CHARGES

- A. Jerith's responsibility for the material ceases when the carrier accepts the product shipment. Please inspect all shipments for damage and sign as such (pictures required of damage).
- B. Freight & Handling Charges will be applied to all individual shipments that do not meet one of the following "Free Freight" requirements (Refer to Freight Chart on our website). Jerith SSC Customer Pick-ups are excluded from these specific requirements. *(Note: Stock orders from an Ameristar SSC can be combined to meet minimum requirements.)*
 - I. The total product value for a single shipment must meet the "Free Freight Minimum for your state".
- C. An "Excessive Length" minimum surcharge of \$200.00 will be added to (LTL) Less Than Truckload shipments containing items longer than 96".
- D. A "Residential Delivery" surcharge of \$5.00 will be added to orders shipping via UPS to a residentially zoned destination. (LTL) "Residential Delivery" is not available. Must ship to a business address or a freight terminal.
- E. A "Hazardous Material" surcharge of \$20.00 will be added to orders containing "Aerosol" spray paint when shipping via UPS Ground. *(Note: Aerosol Spray Paint cannot ship via "Air" transportation.)*

7. DAMAGED SHIPMENTS

- A. All material must be carefully inspected upon receipt. In the event damage occurred in transit or a shortage is identified during inspection, the extent of the damage or shortage must be notated on the carrier's delivery receipt and contact a Jerith Sales Representative toll-free at 800-344-2422 to obtain further instructions. Jerith's responsibility for the material ceases when the carrier accepts the product for shipment. Jerith reserves the right to charge for the replacement of lost or damaged items if notations are not clearly identified on the carrier's delivery receipt.

8. RETURN MATERIAL

- A. Returned material will not be accepted without prior notification and authorization from a Jerith representative. If authorization for return is granted, a 35% – 50% restocking fee will be assessed. The customer assumes responsibility for scheduling the return, as well as paying all associated freight charges. No credit will be given on material returned in damaged condition. Jerith reserves the right to refuse receipt of material over 6 months past the original ship date or material that is not in its original packaging. Under no circumstance will Jerith accept return of non-stock or special engineered items.

Shipment & Delivery Notice

LOST OR DAMAGED GOODS ARE THE FREIGHT CARRIER'S RESPONSIBILITY.

THE FREIGHT CARRIER HAS VERIFIED PACKAGING IN ACCORDANCE WITH AMERICAN TRUCKING ASSOCIATION REQUIREMENTS AND HAS ACCEPTED THE SHIPMENT IN GOOD CONDITION FROM JERITH.

IMMEDIATELY UPON DELIVERY, CHECK YOUR SHIPMENT CAREFULLY.

- Check to see that it is complete and in good condition. When packages are checked short or damaged, have the carrier's agent make notation of this fact on the freight bill or express receipt and obtain their signature.

AFTER DELIVERY OF SHIPMENT, discovery of CONCEALED LOSS OR DAMAGE must be reported to the delivering carrier upon discovery, and in any event WITHIN 10 DAYS after receipt.

- Hold goods, containers and packing materials in exact condition as found for inspection by the carrier. An inspector for the carrier should call within 48 hours. If nothing is heard in that time, notify them by registered mail and request a receipt. The carrier will issue an inspection report and give you a copy which must be used to support your claim.

Once you have acknowledged receipt of the shipment, you have assumed all responsibility for the complete bill of lading and the full cost of all items, regardless of status or condition.

If you would like assistance from Jerith in resolving shipping problems or in filing claims, please contact your Jerith Sales Representative by calling toll-free 800-344-2242.

Jerith wants to assist you in every manner possible in collecting claims against carriers for loss or damage, however, our willingness to do so does not make us responsible for the outcome of claims or the replacement of materials.

WARNING

In locations subject to freezing, where posts are grouted into core-drilled holes or plated for surface mounting by anchor bolts, a 1/4" diameter "weep" hole should be drilled approximately 1/8" to 1/4" above elevation. This allows for drainage of built-up moisture from condensation, groundwater seepage, leakage through post tops or attachment holes, etc.

In the case of core-drilled holes, grout must fill inside the post cavity to ground elevation, and the area outside the post should be "crowned" slightly to ensure water runs away from the post, rather than settling at the base.

In the case of plated posts, a larger hole in the center of the base plate will suffice in lieu of the "weep" hole. **Jerith shall, in no case, be responsible for failures in the post or in surrounding grout or masonry when an appropriate drainage space ("weep" hole) was not provided for during installation.**
